

OP Monthly Status Report August 2016

Full-Length Photographs

Following a review, the Navy decided that official full-length officer photos will no longer be displayed during promotion selection or administrative boards. While it will still remain a requirement for officers to have a photograph as part of their record, removing officers' photographs from selection boards will allow board members to concentrate more fully on an individual's overall performance record. Officer's Fitness Reports (FITREP) and Performance Summary Reports (PSR) contain an individual's Physical Fitness Assessment information; officer photographs are simply redundant. Each year, there are approximately 1,800 officer photographs mailed into promotion boards as official correspondence. Eliminating the photograph requirement will lessen an administrative burden.

The first statutory board affected by this policy will be the FY18 Active-Duty O-8 selection board. All FY17 administrative/spot promotion boards and all FY18 statutory boards and beyond will no longer display full-length photographs.

NOTE: Although the Officer Photograph is not displayed on the FY18 statutory boards, it continues to be required as part of an officer's official record.

Establishment and Revision of Operational Tour AQDs

The 928 and 929 additional qualification designators (AQDs) have been revised to designate an officer who has completed a first (928) or second (929) operational tour regardless of platform/station. In addition, 92A has been created to identify officers who have been assigned to but have not completed their second operational tour.

Records for officers that qualify for 928, 929 or 92A are being automatically updated over the next 30 days. **Once 929 is earned, the 928 and 92A AQDs are removed from your record.** If you believe you are missing an AQD from your record, please contact the Supply Corps Career Counselor.

Submarines Available as 2nd Operational Tour

As a reminder, officers entering their detailing window for a 2nd operational tour (O-4 milestone) are eligible for Department Head Afloat tours in submarines. Please contact the LT Operational detailer for more info.

Supply Corps Internships - Fall 2016

We are now accepting Internship packages for the fall 2016 Internship Board. The deadline for submitting an Internship package to the Supply Corps Career Counselor is 23 September 2016. Application inquiries should be directed to the Internship Program Coordinator via supplycorpscarerecounselor@navy.mil or at 901-874-4273 (DSN 882). Intern billet details are available [online](#) and utilizing the eSUPPO in-app “Billets > Internship” function.

FY17 Supply Corps Roadshow

October kicks off a new season of the Supply Corps Roadshow, with opportunities for the NAVSUP OP team to visit your area, present valuable community career information, and conduct one-on-one career mentorship interviews. Dates currently scheduled:

03 – 07 October 2016	Philadelphia/Mechanicsburg, PA area
25 – 27 October 2016	Newport, RI area

APC Calculation & PG School Preferences

Post-graduate (PG) education is a career milestone for Supply Corps officers, and all officers should have their Academic Profile Code (APC) calculated as soon as possible after commissioning. To date, 26% of officers in the grades of LT – ENS do not have an APC on file. Of those junior officers (LT – ENS) with an APC on file, 18% do not meet the minimum score of 345 to attend the Naval Postgraduate School (NPS). The *It's Your Education* playbook provides additional details on how to have your score calculated and how to better your score. Once your APC score is updated, email your top three PG school preferences to the Career Counselor at supplycorpscarerecounselor@navy.mil. Once updated, your preferences can be verified in block 94 of your Officer Data Card (ODC).

Additionally, please check out the new *It's Your Education Supplement, A Navigation Guide to Business School*, available now in the eSUPPO app!

810/811 Board Preparation

Every May, in conjunction with the O4 promotion board, officers are screened for postgraduate opportunities at Civilian Institutions (810/811). The May 2017 board will screen all officers (3100 designator) in **Year Groups 2009-2011 who request screening via a package to the Board President**. Eligibility requirements include: completion of one operational tour of at least 18 months; attainment of a warfare qualification; Academic Profile Code (APC) on file; and a Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) score report.

In the package to the Board President, eligible officers who wish to be considered **must include the following**:

- Letter to the Board stating preferred program (only 810, only 811, or both)
- If both, officer must list programs in order of preference
- GMAT or GRE Score Report

- APC waiver request (if the officer does not have a qualifying APC) and reasons for not meeting minimum undergraduate academic standards (810 APC minimum is 245; 811 APC minimum is 323)

Sample letters can be found by visiting the [Supply Corps Career Counselor website](#) and the eSUPPO in-app “Instructions & Samples” function.

Records Maintenance - ODC, OSR, PSR, Officer Photo

Please take advantage of the Supply Corps Career Counselor webpage, and utilize the tools available to assist with mentoring efforts, records maintenance, and career progression. Visit the [Supply Corps Career Counselor website](#) and pay special attention to the Officer Data Card (ODC), Officer Summary Record (OSR), Performance Summary Record (PSR), and Officer Photo presentations under "Records Maintenance" or find them under “Connect > Records” in the eSUPPO app.

Remember these records are your career resume, and proper maintenance is essential for officers going before promotion boards, applying for special programs, and entering orders negotiation windows.

NOTE: Although the Officer Photograph is not displayed on the FY18 statutory boards, it continues to be required as part of an officers’ official record.

Do we have your current contact information on file?
