

PRESCRIPTION FOR DISCHARGE

Zero Tolerance. Infinite Risk.

Did you know that the Navy's zero tolerance policy for drug use applies to the abuse and misuse of prescription drugs? This includes taking medication for a purpose other than prescribed, taking medicine that hasn't been prescribed to you, and wrongfully possessing or distributing prescription drugs.

Using someone else's meds or giving pills to friends or shipmates can result in severe health and career consequences, including dishonorable discharge from the Navy.

Protect your life and your career.

Use prescription drugs the right way:

- 1 Take correctly.
- 2 Report promptly.
- 3 Dispose properly.
- 4 Never share.

For more information,

- speak with your command DAPA or doctor,
- call 1-866-U-ASK-NPC, or
- visit www.nadap.navy.mil.
